Dedication

This book is dedicated to the loving memories of my mother, velma Lenore (Smith) Brown and my father, James Milton Brown.

It was my mother's creativeness and design of a genealogy book long before genealogy become popular, that PliaS the inspiration to me, for developing this book.

There is a beautiful county road at least a hundred years old that runs from Myron Arkansas to the Strawberry River. The first time we visited this road, I had a vision of a barefoot boy, dressed in bib overalls, and a fishing pole on his shoulder walking down that road. That boy's inspiration and guidance has been with me all my life.

As Joan and I have traveled again the places where they spent their childhood and were raised. we alwaysfelt their guiding hands with us.

Introduction

This book is the result of my many years of researching our family tree. Over the years, Joan and I have spent lots of time at Salt Lake City, using the Latter Day Saints family history library to develop some of our data. Other information we have obtained by systematically searching our National Archives census information center at Seattle Washington. Many frustrating hours were spent there. We have traveled the back roads of the south and the mid-west searching for elusive fragments of truth. Numerous hours have been spent in old court houses, libraries, churches and cemeteries. We have spent countless hours searching American Indian rolls at Oklahoma City and Tahlequah Oklahoma, for traces of our Indian heritage. We have even traveled to Scotland and Ireland searching for our Celtic roots. With the internet coming to age, we have been able to seek out many bits and pieces of our family history. This is the tool we now use the most. Old family letters and voice recordings of stories told by some of our loved ones have been great assets also.

There comes a time when one must "fish or cut bait", so I have decided to print and share what information I have accumulated. I now pass the baton to those of you who are younger and stronger. For those of you that proceed on, I will help you when I can. This does not mean that I'm terminating any other quests. I shall continue to seek and find the broken and scattered pieces and try to put them together to form a picture of our past. There is so very much information yet to be discovered.

As time goes by, Jwill develop additional supporting data and uncover new information. From time to time Jwill send you updates that you can add to your binder.

Enjoy the book, and may the Master Planner bless you.

Editors Notes

Note 1. Our American Indian Herritage.

It has been estimated that the government rolls of the jive civilized tribes listed less than forty percent of the actual Tribal populations. There were many reasons for this, but the main reason was mistrust and hostility toward the United States by the tribes. They simply were very evasive during any type of census attempt. Previous dealings with the government gave them plenty of justification to act the way they did.

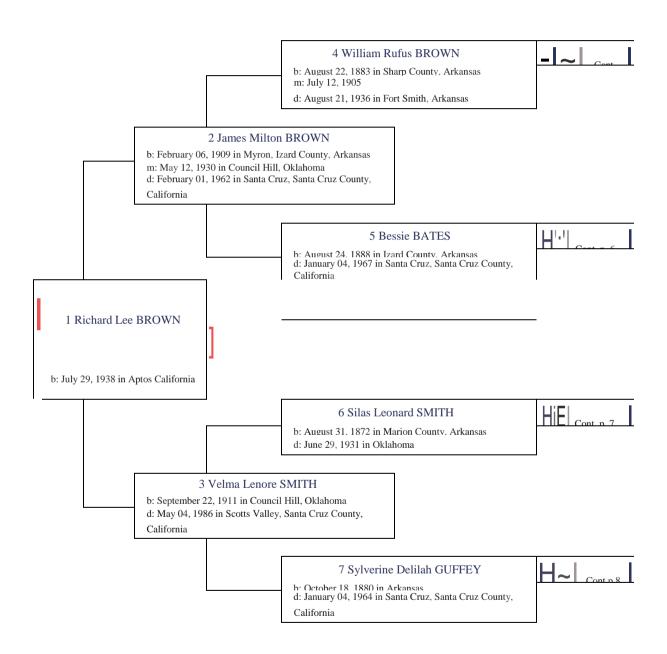

Note 2. Indians in the wood pile.

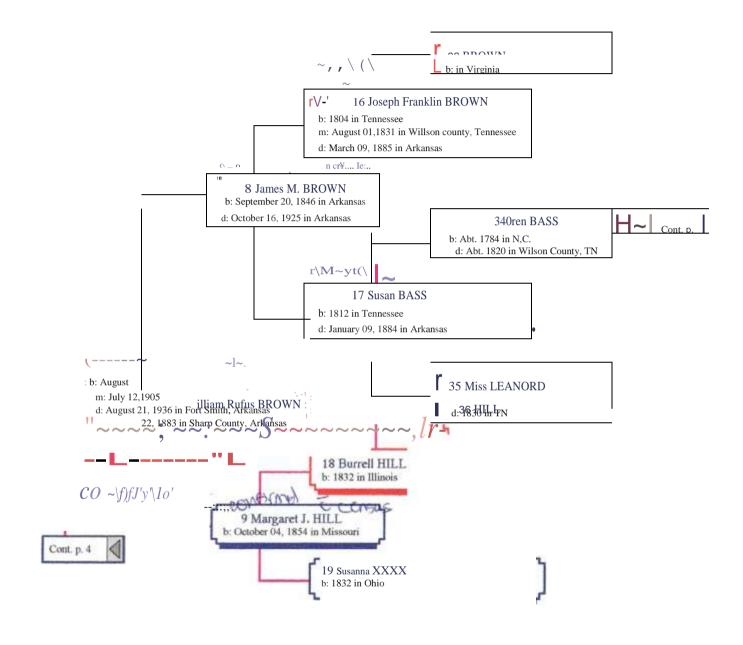

There were a lot of mixed marriages on the frontier. The children of these marriages were treated as second class citizens ifit was known. For this reason your Indian blood was kept a secret if possible. Most mixed marriages were European men taking native American mates. Some were native American men taking European mates. The later usually was not tolerated, and ifknown, would usually end up in the death of the male and sometimes the female.

THE BROWN FAMILY HISTORY

Our Brown family roots have been traced back to a Joseph Franklin Brown. ~ born J804 in Tennessee. He was married to a Susan Bass in 1831 in Wilson County, Tennessee. The only thing we know ofhis parents comes from the US Census which states that they were born in Virginia. A William Brown posted the marriage bondfor Joseph and Susan, and their jirst son was named William. This suggest that "William" could have been Joseph 's father 's name.

Land records in Wilson County, Tennessee show that Joseph and Susan were deeded land in 183 J, and sold the land in 1835 and 1836. The Us. 1840 Census has a Joseph F Brown in Cannon County, Tennessee. This shows the family moving 'west. The 1850 US Census has Joseph and family living in Izard County, Arkansas. Land records show Joseph homesteading land in Izard County in 1857, J859 and 1860 for a total of three hundred and sixty acres.

I believe it was not a coincidence that Joseph and Susan sold their land and went west at the time of one of the largest migration ofpeople in American history, the infamous "Trail of Tears". The vast majority of the jive civilized tribes moved west on their own accord. Some were quite wealthy and actually booked passage on steamships and such. Many owned slaves and moved west with them. Those that had any kind of wealth were able to merge into the white society along the way.

Another bit of history that might tie in is the history of the "Old Settlers". The "Old Settlers" were a band of Cherokees that were given land in the Missouri Territory by the Spanish in 1794. By a treaty signed in 1828, the Cherokees ceded their lands in Arkansas (Missouri Territory) for land in the. Oklahoma Territory. Many of the of the "Old Settlers" were ofmixed blood and refused to move, claiming they were "Black Dutch". Some of the Cherokees moving west as result of the "Trail of Tears", merged with the "Old Settlers" rather then proceed on to the Oklahoma Territory. Aly father used to say that he was part Black Dutch, and guess what, Izard County is in the middle of the "Old Settlers" territory.

1 have some information that suggests that Joseph was one half Cherokee, and 1 will let you all know if I'm able to prove that. (See-Editors Notes)-

Susan died in 1884 and Joseph died 1885. In his will, he divided his land between his two living sons, James M and Joseph K. There was no mention of his oldest son, William. According to land records at the county seat of Izard County, Both James and Joseph K. sold their lands within a Jew years.

James M Brown was our Great Grandfather. He was born 1846 in Arkansas. He married Margaret J. Hill who was born in 1856. Other than census data and land records, there is no information on James other than his grave site. James' grave is at the Antioch cemetery near the township of Zion in Izard County.

The tombstone shows that James was a Mason, but does not give Margaret's date of death, which may mean she is not buried there.

James and Margaret hadfive children. One ofhis sons, William Rufus Brown was our Grandfather.

William, who preferred to be called Bill, was born 1883 in Sharp County Arkansas. He married Be-ssie Bates in 1905. Grandfather Bill homesteaded one hundred twenty acres in Izard County in 1914.

He later sold part of his land in 1916 and some more land in 1919. Grandfather Bill and Grandmother Bessie lived at Myron Arkansas.

The above photograph was taken in 19351936 at Stillwell Oklahoma. It is Grandpa Bill, Grandma Bessie (Granny), Peggy Louise, Dorothy June, Babe Delores and myself Milton liVayne Brown.

The Strawberry River flowed through the northwest section of his land. Grandfather Bill ran a blacksmith shop at the township of Myron and farmed.

Grandpa Bill and Grandma Bessie had fourteen children. The first seven of their children died very young. There were three sets of twins in the first seven children. Our father, James Milton Brown, was the first of their children to make it through childhood. At the Bates cemetery. located between the town oj Horseshoe Bend and the township of Myron, are seven small head stones with the name of Brown on them. I believe these are the graves of their small loved ones. After the birth of my dad they had six more children, who all lived full lives.

The following information is taken from an audio tape of our Uncle JT being interviewed by me: "Grandpa Brown and Family moved to the Oklahoma Territory either just before or shortly after Oklahoma become a state. He leased a lot of land between Council Hill and Checotah Oklahoma. It was called a three team ranch, which was considered quite prosperous at the time. A three team ranch was one that you had three teams of mules all working at the same time. After the great depression he went broke and moved back to Stillwell to a smallfarm. "Grandpa Bill died in 1936 and is buried at the Zion cemetery near Stillwell Oklahoma.

Our father, James Milton Brown, married our mother, Velma Lenore Smith in 1930 at Council Hill, Oklahoma. They had seven children in all. Four were born in Oklahoma and three in California. They are Peggy Louise, Dorothy June, Babe Delores, Milton ~Vayne, Richard Lee, Barry Gene and Larry Dean.

Dad packed up hisfamily and migrated to California in 1937 after the death of his father. The following isfrom a taped interview with our oldest sister, Peggy (Brown) Edsall: "The family first moved to Medera California and went to work picking cotton. The Foreman of the farm where they worked was our mother's brother, Albert Smith. Their housing was a tent with woodedfloors. After the cotton was picked they moved to Salinas California and worked in the truck farms in the area. Housing again was in labor camps. Seeking a better lift and future the family moved to Aptos California. Here dad was soon made a Foreman of the apple ranch he worked." After that he was offered a ranch of his own to rent.

The man that owned the property agreed to build a house for dad as part of the lease agreement. Later on, he leased an additional ten acres. In 1945 and 1946 in partnership with mom's brother, Clyde Smith, he leased an additional forty- four acres near the town of Soquel California. In 1947 he sold his apples to the Muffet Pie Company and the Ryder Cider Company. After the delivery of the apples to the pie company and cider company the bottom fell out of the apple market. The pie company and cider company declared bankruptcy, and my dad was left holding the bag. Mom and Dad managed to hang on by taking the apples and cider to the open farmers markets in the area and would sell them by the apple, pound, bag or box. The cider was sold by the cup, glass or gallon. It was a long hard winter and spring, but they held on the best they could. Dad held on to the ranch for another three years, but in 1950 he went into a partnership with a man at a fresh produce and food retail store at Scotts Valley California. Then he moved thefamily to Scotts Valley California. Dad worked in the fresh produce and food retail business until 1959. Later in his life he went into the chicken vaccine business. He died at Santa Cruz, California in 1962.

The Brown family has indeed been fruitful and multiplied.

 $\frac{THE\ BASS\ FAA1ILY\ HISTORY}{\sim ;ttl.,;Jl\ ;\sim \)j'{\sim .\ if'\ i'f'}}\sim$

Our history here, is traced back to John Basse (J 615-1699) who was married to Keziah Tucker, a Nansemond Indian. Their son was William Basse, Sr. (J654-1741) of No rfo lk Co., VA. His son was John Basse Sr. (1673-1732). His son was John Bass Jr. who died in 1777 at Northampton Co. NC It appears that John Jr. changed his name from Basse, to Bass about the time he moved to North Carolina. His son was Jacob's Bass (J728-1792) of Franklin Co., NC. Solomon Bass who was Jacobs son, moved from North Carolina to Tennessee in 1805 and died in Wilson County in 1807.

The children of Solomon Bass were: Harty, Sion, Oren, Cader and Nancy. Oren was married to a Miss Leanard and had a daughter named Susan. It is not clear what date Oren died, 182011830, but Wilson county records show that his brother Sian, was appointed guardian of Susan in 1828.

Susan married our 2nd Great Grandfather, Joseph Brown, in 1831. All the lands that were previous owned by Oren before his death, were deeded to Joseph and Susan by Sion in 1831.

They sold their lands in Tennessee and moved west about the time of the infamous "Trail of Tears "migration. They were living in Izard Co., AR. by 1850.

Susan died in 1884 in Arkansas, just a year before Joseph. Their grave sites are unknown at this time, but probably are in Izard County somewhere. They homesteaded 360 acres there and could very well be buried in a choice spot picked by them.

THE HILL FAMILY HISTORY

I have traced the Hill family back to a Burrell Hill. The 1860 census of Missouri has him as afarmer. He was 28 years old at the time of the census, which makes his date of birth 1832. The first name of his wife was Susanna. The Census gives his place of birth as Illinois and his wife, Susanna's as Ohio. They had four children at that time. Margaret, age 6, was the second to the oldest child. Margaret was our Great Grandmother. She married our Great Grandfather James M Brown.

The 1860 census of Missouri that lists Burrel Hill, also has a Margaret Hill age 64, living next door to Burrel and Family. Her occupation given was a "Knitter". It is not unreasonable to think that she could be our 2nd Great Grandmother.

THE BA TES FA MILY HISTORY

I have traced the Bates family back to Samuel Bates who was a soldier in the War of Independence, and served first in the battle of Lexington where he was captured by the British and kept prisoner for three months. He joined the Army again, was at Yorktown, and was present when Lord Cornwallis surrendered. After the war he located to Virginia where he reared his family. He worked at his trade, a Silversmith, and became wealthy owning many slaves. In 1807 he relocated to North Carolina. One ofhis sons was our 3rd Great Grandfather John. A. Bates.

John A. Bates born 1784 in Virginia. John was a Captain in the Army and fought in the War of 1812. He also fought the Seminole in that little war. He was with General Noonan when they captured Chief Osceola in the Florida swamps. He married Elizabeth Davis in 1824. He died in 1868 in Tennessee.

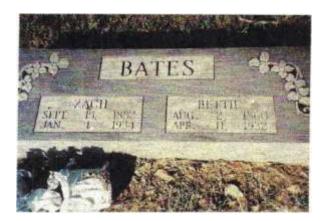

The 1850 Census data have he and Elizabeth living in Coffee Co., TN Their children were: Jasper, Elmandia, Becky and Sass. Jasper, our 2nd Great Grandfather, was born in 1824. Jasper married Mary Odle/Olds November 18, 1844 in Rutherford Co., TN

The 1850 and 1860 Census data have Jasper and family living in Coffee Co., TN. Jasper's children were: Marthor, Frances, Nancy, Zachary Taylor, Margret and Jeremire. Zachary was our Great Grandfather. Not much more is known about Jasper and Mary. Jasper is believed to have died around 1900, but we have no information on Mary's date of death. Some researchers I have corresponded with believe that Jasper and Mary are buried in Izard Co., AR...

Zachary Taylor Bates, our Great Grandfather, was born 1852 in Coffee Co., TN.. Our Great Grand Grandmother, was Betty Drake.

The 1900 Census data have Zachary and Betty living in Jefferson Township, Izard Co., AR... Their children were: Octa, Bessie A, Rolla L, Robert F, Bertha A and Dewy M Zachary died in 1934 and Betty died in 1932.

They are buried at the Bates cemetery located between the town of Horseshoe Bend and the township of Myron Arkansas.

The above photograph has at the top left: Bessie Bates, top middle: Ida Bates, top right: Lea Bates, Middle left: Elizabeth (Newman) Drake, Middle center: Zachary Bates, Middle right; Betty (Drake) Bates, bottom left: Rolla Bates and bottom right: Dewy Bates.

Many of Zachary and Betty descendants still live in Sharp and Izard Counties.

Bessie, our Grandmother, was born 1888 in Izard C, AR. and married William Rufus Brown, our Grandfather, in 1905.

Bessie moved to California after the death of our Grandfather, and lived with her oldest son, our father, James Milton Brown. Later she bought a small trailer and moved to small trailer court at Soquel California. Soquel is in Santa Cruz County. She moved there to help look after her son, Jack Brown. Jack had lost his wife in an automobile accident and was recovering from TB. She lived there until her death in 1967. Jack actually outlived her by a couple of years.

The above photograph is of our beloved Grandmother, Bessie Bates.

The Photograph below is of Zachary Bates and Betty Drake Bates

THE DRAKE F AlvfILY HISTORY

I have traced the Drake family history back to a Thomas Drake, our 2nd Grear Grandfather. He married Elizabeth Newman, our 2nd Great Grandmother, in 1859 at Tennessee. He had two prior marriages before he married Elizabeth. Elizabeth, whose maiden name is unknown, had a prior marriage to a Mr. Newman. Thomas and Elizabeth's daughter was our Great Grandmother, Bettie Drake. Bettie married our Great Grandfather Zachary Bates.

The 1860 census has an eight year old Zachary living in Coffee Co., TN.. Both Zach and Betty were born and raised in Tennessee. They were married in Tennessee in 1876 and moved to Arkansas after they were wed. Zachary moved thefami/y to Arkansas about 1879. Their oldest child ofrecord, Octa, was born 1885 in Arkansas. Their second oldest child was our Grandmother, Bessie Bates. (See the photograph of Zachary and family shown on the Bates Family History pages.)

THE SMITH FAMILY HISTORY

1 have traced our Smith family roots back to a Jesse Smith, born1781 in Virginia. He was our 2nd Great Grandfather. His wife's first name was Nancy and she was born 1783 or 1790 in North Carolina. Their first child was born in 1820. This stretch of years between their dates of births and time of birth of their oldest child make me believe they both had previous marriages. Their union produced five sons. Carlton W the third born was our Great Grandfather.

The 1830 and 1840 census has Jesse and Nancy living in Hamilton Co., TN. They moved west sometime after 1840 and ended up in the township of Tomahawk, Searcy Co., AR.. This migration also coincides with infamous "Trail of Tears" migration.

I have checked all the rolls of the five civilized tribes and have found no names that match Jesse or his children (See editors notes)

Carlton W Smith was born 1828 in Tennessee. Carlton is the most famous or infamous ancestor we have. He certainly had a full life it appears. There was a story written about him and Caroline, our Great Grandmother, by his stepdaughter, Martha Morrow. In the story Carlton, called Calt, was a large handsome man of Germ an descent, who was a wandering Methodist/Baptist preacher. He married Caroline shortly after the Civil War. When they formed their union, he had children with him from his first marriage to a woman named Nancy. It is not known what happen to her, but because Carlton had their children with him one would think she had died. Caroline also had children from her first marriage to Stephen Morrow, who was killed in the Civil War. They united the families into one and also had children of their own. Our Grandfather, Silas Smith, was one of their children. According to the story, Carlton was a notable womanizer who could sing a pretty song, preach a rousing, exhilarating sermon and seduce the women. He was reportedly just one step ahead of a tar and feather party most of the time. After many years of alleged abuse and unfaithfulness by Carlton, Caroline finally got a divorce from him.

The demonetization of Carlton by Martha Morrow's story has to be taken with a grain of salt.

The way the story was twisted, I could not help but think of a woman scorned or a jilted lover getting revenge. The 1870 and 1880 census had Carlton and Caroline living on the same property in Marian Co., AR.. That seems to be a fairly stable person to me. Carlton and Caroline did get a divorce, and he turns up married again in the 1900 census of Berry county, Missouri to a Catherine J The Census shows his age as 71 and Catherine's as 70.

An interesting thing about that census, is that it shows a step daughter age 38 living with them and a grandson age 5 living with them. The grandchild's name was: Carlton W. Smith Jr..

It is not known where Carlton died, but he died in 1910, and he is buried at Pineville, MO.

Silas Smith married our Grandmother, Sylverine Delilah Guffey. They moved from Marian Co., AR. about 1907 to Council Hill, Oklahoma. Sometime after 1911 the family went by train to California. After six months they went broke and returned to Oklahoma. Silas, who was embarrassed for going broke, moved away from all his friends and relatives and hid out in the Choctaw Nation. After a year there, the family again went to California. In 1919 Silas and his family returned to the Brush Hill area. and then to Checotah Oklahoma. Silas died there.

The Photograph above is of Silas, Sylverine and all their sons.

Silas and Sylverine had nine children, their oldest daughter, Velma Lenore Smith, was our mother. Velma was born in 1911 at Council Hill, Oklahoma. She married James Milton Brown, our father, in 1930 at Council Hills Oklahoma. The children born to them in Oklahoma, were Peggy Louise, Dorothy June, Babe Delores and Milton Wayne. They moved from Oklahoma to California in 1937. After settling down in Santa Cruz County, Richard Lee, Barry Gene and Larry Dean were born to them at Aptos, California.

The photograph above is of our mother, Velma Smith, as a child

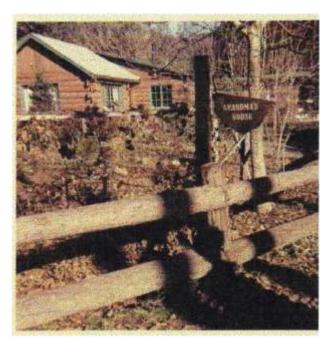

The above photograph is of our mother, Velma Smith, as a young lady.

Our beloved father, James Milton Brown, died in 1962 at Santa Cruz California. Our mother then went to work at Cabrillo College as an athletic equipment manager and worked there until she retired.

Mom was the type of person who once she set her sights on something, she would make it happen. As an example, after reading an article in the Sunday paper which featured a lovely log house located near a scenic creek, which flowed through a beautiful lush valley called, "Green Valley". Mom went out to buy this home. The home was not for sale, but that did not stop mom. As it turned out, the woman who owned the property had just been waiting for the right person to come along. She thought mom was that person.

After much give and take they were able to reach a deal that was fair and reasonable for both of them. This place became known as "Grandma's House" the place we all loved and called home.

Mom's Place

Our mother, Velma (Smith) Brown.

Our beloved mother died in her home, the house she dearly loved, located next to Granite creek which flowed through her cherished Green Valley in 1986.

THE DANIEL FAMILY HISTORY

Although Ihave_tracedlhe_D-.anieljamily_back to a William_Daniel born_1805

_

in North Carolina. I have traced the Daniel surname back to the Clan MacDaniel of Scotland which is a branch of the mighty MacDonald Clan. The Clan Donald derive their name from Donald of Islay, grandson of the mighty Somerled, King of the Isles and Lord of Argyll & Kintyre. Below is the principle Tartan of the Clan MacDonald.

Back to our 2nd Great Grandfather, William Daniel. His wife's maiden name is unknown, but her first name was Eliza born 1817 in Tennessee. The census data shows that they had jive children. Avis Caroline Daniel, was their oldest child and our Great Grandmother.

Avis was born in 1836 at Lawrence Co., TN.. She was raised in Lawrence County. She wed her first husband, Stephen Morrow, there in 1850. They moved to Iron Mountain, Missouri, where Stephen had a large farm.

With the outbreak of the Civil War, Stephen joined the North in this historical confrontation. While home on leave, he had the misfortune ofrunning into some Confederate solders and was killed. Avis tried to run the farm the best she could, but it was too much for one woman with young children. It was after the end of the Civil War that she wed our Great Grandfather Carlton W. Smith. After a few years on the farm at Iron Mountain, Missouri, they sold the farm and moved to Yellville, Marian Co., AR.. Carlton homesteaded land there, and the 1870 and 1880 census shows they were still living there. As you have read earlier, Carlton reportedly had wandering eyes and hands. It is not real clear what happen, but she and Carlton were divorced sometime before 1900.

Avis went to live with her son Silas Smith living in Liberty township, Marian Co., AR Later they moved to Freck Arkansas, where Avis died in her son Silas', arms in 1901.

Our Great Grandmother Caroline (Daniel) Smith

THE GUFFEY FAMILY HISTORY

I have traced the Guffey family back to William Guffey, born 1798 in Morgan Co., TN._ I have traced the Guffey surname back to MacGuffey of Scotland. The MacGuffey's were part of the MacPhie Clan. The MacPhie 's are one of several branches of the mystical Clan Alpin, reputed descendants of King Kenneth MacAlpin who died in 846 AD. Below is the Clan MacPhie Tartan.

William Guffey was our 2nd Great Grandfather. He married our 2nd Great Grandmother Margaret Pile in 1820 at Morgan Co., TN. William and Margaret were the parents of 14 children, seven boys and seven girls.

They lived in Tennessee until about 1837 when they moved to Indiana. Our Great Grandfather, Andrew Jackson Guffey was born there in 1837.

William and family moved west to Missouri sometime before 1840 in a covered wagon pulled by a team of oxen. They crossed the Mississippi River on a jerry. After arriving in Missouri, William got possession of two forty acres tracts of timber land located at Breckenridge Township, Caldwell Co., MO .. _The old homestead is still there.

William was hunting wild turkeys, and got wet wading in snow. He came down with pneumonia and died in 1856. He is buried at the Guffey family cemetery located on the old homestead.

William Guffey grave site

When the Civil War came along, our Great Grandfather, Andrew, joined the Southern Army. His brother, Ashley R., joined the Northern Army. They fought against each other at the battle of Lone Jack, Missouri. While the war was going on Andrew come home for a visit. He would stay in woods during the day and his family would bring food out to him. At night time he would come into the house to visit. His mother was afraid he would get caught and killed so after a few days he went back to Arkansas.

Near the end of the Civil War Andrew married his first wife, Mary Polly Branchcomb in 1864 at Arkansas. Mary was born 1844 in Arkansas and died sometime after 1870. Andrew and Mary hadjive children.

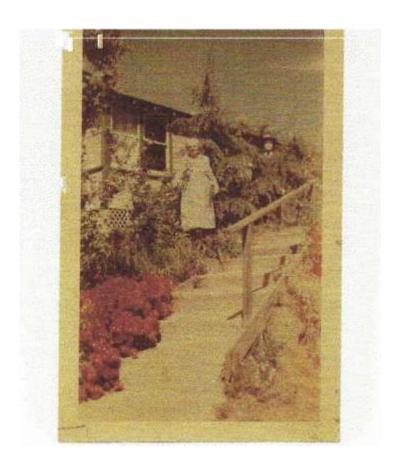

Andrew married our Great Grandmother, Eliza Ann Forbes in 1873. It is thought that they were married in Stone County, Arkansas. They had eight children. Our Grandmother, Sylverine Delilah, was the second daughter born to them.

Grandmother Sylverine was raised in Marian Co., AR.. She wed Silas Smith, our Grandfather, about 1900. They lived in Marian County and moved to Oklahoma in 1907. Their children were: Raymond Noel, Clyde, Rudolph, Ivan Vance, Albert, Velma Lenore (Mom), Verta Mae, Vesta Fay, and Hazel Ruth.

Sometime after the death of Silas in 1931 Grandmother married a Mr. Miller. We called him Grandpa Miller. I have no information on when they moved to California. I know they lived next to the old Watsonville Santa Cruz highway when I was a child. (You will have to figure out when that was.)

After the death of Grandpa Miller, Grandmother married three more times. She out lived two of them and divorced one.

She lived in various location in Santa Cruz County, including for some time in a trailer house located on Dad and Mom's place in the Santa Cruz Mountains. She died in 1964 in Santa Cruz, California.

The photograph above is of our beloved Grandmother, Sylverine Delilah Guffey.

THE PILE FAMILY HISTORY

Margaret Pile, our 2nd Great Grandmother was born 1804 in Tennessee. She married our 2nd Great Grandfather, William Guffey in 1820 at Tennessee. They moved to Indiana and then to Missouri where they homesteaded property. Andrew Jackson Guffey, one of their 14 children was our Great Grandfather.

After the death of William in 1856, Margaret continued to manage and run the farm and expand it. She received an additional 40 acres making a total of 120 acres in 1859. She also laid claim to an additional 80 acres, that the railroad had title to. The railroad won in that dispute, but it has been suggested that when she moved her fence line back, she only moved it back to the 40 acres mark.

Margaret never remarried and spent the remaining ofher years on the homestead. She died in 1883. She is buried in the Guffey Family cemetery located on the original homestead.

THE FORBES FAIvfILY HISTORY

I have traced the Forbes history back to Simon Brooks Forbes, our 2nd Great Grandfather, born 1814 in Ohio. Simon married our 2nd Great Grandmother Marget Wells. They were married sometime before 1848, and had 11 children. Eliza Ann Forbes one of their children, was our Great Grandmother.

Simon served in the Civil War. He was enlisted into Company K, 30 Reg't Illinois Infantry August 15, 1861 for a period of three years. The Company Description Book says he was 47 years old, six feet tall, complexion light, eyes blue, hair light. He made the rank of Corporal, but was reduced to Private in May of 1862 and given a medical discharge. He died at Cario, Illinois afew months later.

Eliza Ann Forbes, our Great Grandmother was born in 1848 at Indiana. She married our Great Grandfather, Andrew Jackson Guffey in 1873. This was her third marriage. Her first marriage was to a John T. Wise in 1866 and her second to a Charley Burgett in 1871. According to a letter written by her in 1909, her marriages were of "too much trouble to write about'. Eliza died in 1932 at California.

Eliza and Andrew had 8 children, one of which was our Grandmother, Sylverine Delilah Guffey.

THE WELLS FAWLY HISTORY

Not much is known about our 2nd Great Grandmother, Marget Wells. I have no date of her birth or date of her marriage to Simon Forbes, our 2nd Great Grandfather. A letter written by her daughter, Eliza Ann Forbes, in 1909 is the only information I have on her.

Our Great Grandmother Eliza, thought Marget was born in Wisconsin. This may not be right.

After Simon died, Marget married again in 1865 to a John Wamsley. They had one child.

Marget died near Nora Springs, Iowa about 1889.

Marget may not be her real first name, but I have been told by other genealogist that "Marget" was a common name in that time period. Based on that, I will call her Marget unless better information comes along.

THE DA VIS, NEWMAN, ODLEI OLDS AND TUCKER FAMILY HISTORIES

Jhave grouped thesefamilies together, because basically Jhave no history on them. Jhave shown their linkage on the family tree and the general reports. At this time I will call them our miscellaneous family.

Elizabeth Davis was our 3rd Great Grandmother and wife of our 3rd Great Grandfather Jasper Bates.

Elizabeth (unknown), (Newman), Drake was our 2nd Great Grandmother. Her maiden name is unknown, but her first husband name was Newman. Her second marriage was to our 2nd Great Grandfather, Thomas Drake.

Mary OdlelOlds our 2nd Great Grandmother was married to our 2nd Great Grandfather Jasper Bates.

Keziah Tucker our 9th Great Grandmother was the wife of our 9th Great Grandfather John Basse. Keziah was a Nansemond Indian. The Nansemond were located on the eastern seaboard of what is now the state of Virginia.
